

St. Joseph School of Nursing (SJSON) – Salve Regina University (SRU)  
TRANSITIONAL TRACK  
B.S. Nursing Program

**Intent to Pursue**

*Please respond on or before August 1*

This Intent to Pursue informs Salve Regina University and St. Joseph School of Nursing as to your interest in pursuing this transitional track from SJSON diploma program to SRU B.S. Nursing program. This in no way binds the student to the bachelor's degree program. Final admission to the bachelor's degree program is conditioned upon earning a 2.7 minimum GPA and an RN license.

Students electing this transitional track enroll in courses at St. Joseph School of Nursing and Salve Regina University simultaneously to ensure progression toward the bachelor's degree. Students with a cumulative grade point average of 2.7 or higher at the conclusion of their diploma program and who earn their RN license qualify to transfer into the Salve Regina University B.S. Nursing program as a continuing education student at the Center for Adult Education in Warwick, RI. Students electing this transitional track as incoming freshmen and who follow the recommended program of study may complete a bachelor's degree in nursing in four years. Students electing this track later in their academic program, or who do not follow the recommended program of study, will increase the time to completion.

☐ Yes, I am interested in pursuing the transitional track from St. Joseph School of Nursing's diploma program to Salve Regina University's B.S. Nursing program.
