Why Study Abroad? Here's why ...

"[Study Abroad] has made me more confident and more willing to be confrontational when a situation arises where it would be beneficial for me to do so."

*Chelsea Beaulieu, '14 Global Studies/French Double Major
ISA - Hyderabad, India*

"I strongly recommend language courses because we can engage with the country and local people more."

*Serina Aramaki, '14 Painting/International Studies Double Major
USAC – Oslo, Norway*

"Going abroad (and) being so far away from home helped me grow in my independence. I'm a much more goal-oriented, focused and determined person now."

*T.J. Zandri, '14 Secondary Education/History Double Major
American University of Rome – Rome, Italy*

"It was really easy to meet other international students and people from around the world. Ireland was a great location and the people there are very accommodating and want to hear your story."

*Lindsey Mahn, '14 Secondary Education/History Double Major
University College Cork – Cork, Ireland*

"It is definitely eye-opening to see a very culturally different place than home. Being the minority has taught me to be more aware of racial and cultural diversity in my life. Ghana also shows you the beauty that this world has to offer, both in the land and in the people."

*Meghan Gallagher, '13 Secondary Education/Mathematics Double Major
USAC – Accra, Ghana*

"Study abroad has given me many tools that will benefit me for the rest of my life. Not just language skills, but feeling confident in situations where I would normally feel overwhelmed and agitated. [It is] sometimes very difficult, and really tests you but if you take the plunge you will be rewarded in many ways."

*-Michael Stankus, '13 Spanish/International Studies Double Major
CIEE - Santiago, Chile*

"I am improving at the language and have been told I have a slight Sevillano accent (exciting!)"

*Corinne Winter, '14 Social Work Major and Spanish Minor
Spanish Studies Abroad - Seville, Spain*

STUDY ABROAD APPROVED PROGRAMS

Students have the opportunity to choose from an extensive list of approved programs sponsored directly by Salve Regina University or our affiliated exchange institutions. Programs are available throughout the world for qualified Salve Regina University students.

WHO IS ELIGIBLE TO STUDY ABROAD FOR A SEMESTER/YEAR?

Salve Regina University undergraduate students who have demonstrated the social and intellectual maturity requisite for study abroad are eligible to apply. To study abroad for a semester or year-long program, you are required to:

- Have a minimum cumulative GPA of 2.70 (Please note: academic requirements and standards may vary for your program abroad)
- Have completed your sophomore year, have junior standing and have declared a major (some majors may be encouraged to study abroad during their spring semester of sophomore year)
- Meet requirements prescribed by the Office of International Programs (OIP) and be in good financial, academic and disciplinary standing with the University

WHAT WILL IT COST?

Depending upon the program, the cost of a semester abroad is approximately equivalent to a semester at Salve Regina University. You will continue to pay the regular tuition amount to Salve Regina University, not to the university abroad, plus a \$550 fee (fee will be waived if you attend an exchange partner program).

If you are receiving financial aid, you will meet with a member of the Financial Aid Office to determine what portion of your financial aid you will be able to apply to your study abroad experience.

In addition to Salve Regina University tuition, the cost of airfare, accommodations, meals, personal travel and passport/visa fees must be factored in. Read the materials from each program to get an approximate sense of the total cost of the program over and above regular Salve Regina tuition. Remember to consider the currency exchange in calculating the cost of your program abroad. The study abroad program will bill you directly for housing and other fees (meals, field-trips/excursions, program-specific insurance, confirmation deposit, etc.).

Consult your program's Budget Sheet, provided by the OIP, for a specific cost breakdown.

WILL I GET CREDIT FOR MY COURSES ABROAD?

Yes. While studying abroad you will continue as a Salve Regina University student and will receive credit for the courses taken abroad. Both credits and grades from study abroad course will be added to your official Salve Regina transcript and calculated as part of your cumulative grade point average.

WHEN SHOULD I BEGIN MY PLANNING?

The key to arranging a successful study abroad experience is careful planning. You can begin by meeting with the Office of International Programs in the fall of your freshman year, but no later than one year in advance of your departure. Although you are not permitted to study abroad for a semester until your junior year, it is never too early to begin planning in the freshman year.

****All information in this pamphlet is current as of July 2014. Salve Regina University reserves the right to modify or cancel any statement in this pamphlet without prior notice.****

Africa & the Middle East

Ghana

Location: **Accra**

Provider: [USAC](#)

Institution: University of Ghana

Subject Areas: African Language and Literature, Arabic, ADJ, Biology, Chemistry, Dance, Economics, English Literature, Environmental Studies, French, Global Studies, Business Administration, Marketing, History, Mathematics, Nutrition, Physics, Political Science, Sociology and Anthropology, Religious Studies, Russian, Swahili, Statistics, Twi Language
