Professional Experience

Salve Regina University

2005-present

Instructor/Lecturer

- Coordinated and taught Community and Public Health Nursing course to senior level nursing students, including both theoretical and clinical components. Course focused on care of populations and includes an overview of the health care system, epidemiology, environmental health, communicable diseases, care of vulnerable populations, international health, cultural competence, ethical issues and economic issues related to health care. Developed and currently teaching Aging and End of Life course (theory and clinical practicum) to senior level nursing students and Degree Completion students. Course focuses on vulnerable aging population, palliative and end of life care. Identified and coordinated appropriate clinical sites to provide experience in hospice and palliative care as well as quality improvement activities for care of older adults. Member of Curriculum and program Evaluation Committees of Nursing Department. Advisor to Student Nurse Organization.

Adjunct Faculty

2004

- Responsible for clinical group of first semester senior level nursing students in community health nursing. Provided supervision and evaluation of nursing students in the home care and aggregate settings. Coordinated clinical learning experiences with a variety of agencies and clinical sites consistent with the course objectives.

University of Rhode Island College of Nursing

1999-2004

Per Course Instructor

- Responsible for clinical group of senior level nursing students in community health nursing (Nursing Care of Vulnerable Populations). Provided direct supervision and evaluation of nursing students in the home care setting and aggregate settings. Identified appropriate aggregate placement opportunities for students in a variety of settings and maintained relationships with aggregate preceptors. Aggregate placements included schools, homeless shelters and transitional housing, senior centers, assisted living

centers, alternative programs for adolescent pregnant teens, battered women's shelters, and programs for the developmentally disabled.

Visiting Nurse Services of Newport and Bristol Counties

1999-2005

Hospice Program Director

- Responsible for the management of a licensed and accredited hospice program that is part of a Home Care Agency. Initiated, developed and maintained contracts with hospitals, nursing homes, pharmacies, DME providers in compliance with regulatory standards. Provided clinical consultation to staff throughout the agency as well as to the hospice staff and contracted agencies regarding pain and symptom management and issues pertaining to end of life care. Served on agency management team, Ethics Committee, Professional Advisory Committee, and chaired agency-wide committees including Safety Committee and Pain Quality Improvement Team. Developed and taught staff education programs to agency and nursing home staff in the care of the dying as well as pain and symptom management. Formalized Hospice Volunteer Training Curriculum, developing Volunteer competencies. Participated in the orientation of clinical staff to both the agency and the hospice program.

Hospice Care of Rhode Island, Pawtucket, R.I.

1989-1998

Director of Hospice Services

- Responsible for the overall operations of hospice services of Lifespan Diversified Services, which included Hospice Care of Rhode Island and VNA of Rhode Island Hospice. Together, these programs cared for an average daily census of 250 patients, including a 10- bed inpatient unit. Home and hospice care services were provided from 4 community based sites.

Director of Patient Care Services

- Responsible for the clinical services delivered by Hospice Care of Rhode Island, including hospice home care services, hospice services in nursing homes, palliative home care services, AIDS care, and inpatient hospice services.

Patient Care Coordinator

- Responsible for the delivery of hospice and home care services by an interdisciplinary team of professionals and volunteers based in a satellite office.

Island Hospice, Newport, Rhode Island

1983-1989

Program Director

- Responsible for the overall management of a small volunteer hospice program, including volunteer recruitment, training, bereavement services, coordination of home care services with other agencies, fundraising, grant writing, and program development.

Other Relevant Experience

Various staff nurse positions in acute care (medical surgical) and community health settings. Consultant to Compassion Project home care program in Moscow, Russia, for former political prisoners, sponsored by the International Rescue Committee. (1995)
